Samples of different types of Necklaces

Possibilities are endless for these necklaces.

- if you can think it we can stamp it-

Each piece is stamped by hand, using individual stamping tools. Please note that no two pieces will be exactly the same. Each is unique and "natural", which means the letter and stamping may not always be perfect. Therefore may have imperfections. Don't think of them as flaws rather characteristics and charm. This adds to the beauty and distinctiveness of each piece. This is what makes your piece unique and one of a kind. We hope you enjoy the uniqueness of your new piece as much as we enjoyed making it for you.

(\$5.00 donation included with each Hand-Stamped Necklace)
